New Rules at World Cup 2026 — IFAB Updates

1 Covering the Mouth in Confrontations

Red card for any player covering their mouth with a hand, arm or shirt during confrontations; friendly chats between players are exempt.

2 Walking Off in Protest

Red card for a player who walks off in protest and for any official who incites it; a team that causes the match to be abandoned **forfeits it**.

3 Throw-in & Goal-kick Countdown

A visible **5-second** countdown with a raised hand; a delayed throw-in goes to the opponent, a delayed goal kick becomes a **corner** for the opponent.

4 Substitution Protocol

10 seconds to leave the pitch from the nearest point; if delayed, the substitute enters only one minute later at the next stoppage (except injury and safety cases).

5 Treatment Off the Pitch

A player leaves for **one minute** after play resumes if medical staff enter the field; goalkeeper injuries, collisions, head injuries and the kick taker are exempt.

6 Expanded VAR Scope

Now also covers: a wrongly issued second yellow card, mistaken player identity, **wrongly awarded corners**, and fouls before set-piece execution.

7 Cooling Breaks

A **3-minute** cooling break in each half (around the 22nd minute), with referee flexibility on its timing.

8 Goalkeeper Injury

While a goalkeeper is treated on the pitch, outfield players of both teams may not leave the field to take instructions from their coaches.
